

Commercial/Industrial and Multi-family Water Rebate Program

Description

Commercial, industrial, institutional, and multifamily customers can save money and reduce their water use through a variety of rebates jointly implemented by LADWP and the Metropolitan Water District of Southern California (MWD) through the SoCal WaterSmart Commercial/Industrial and Multi-Family Rebate Program.

Benefits

Saving water is good for business! Our water supply is limited. We can help make the most of it by using water wisely everyday both indoors and outdoors.

-  Saving water can result in lower sewer charges
-  Saving water can really reduce your facilities operating costs

Qualifications

A full list of current rebate amounts and qualifying models is available on our website, www.ladwp.com/cwr. You may apply for only one rebate per product category. Rebates are only paid to the customer of record. All rebates are paid on a one-time basis for each address, and subject to inspection.
